

## YOKE

With **RS** facing and using 3¼mm (US 3) circular needle, rejoin **yarn A** and work across sts on left sleeve, front, right sleeve and back holders as follows: (K1, patt to last st, K1, place marker on needle) 4 times.

448 [476: 532: 564: 620] sts. 4 markers in total – each marker is between sections from holders and these denote raglan sleeve “seams”.

Keeping patt correct, cont as follows:

**Next round (RS):** (Sl 1, K1, pssso, patt to within 2 sts of next marker, K2tog, slip marker onto right needle) 4 times.

**Next round:** (K1, patt to within 1 st of next marker, K1, slip marker onto right needle) 4 times.

Rep last 2 rounds 11 [12: 14: 16: 17] times more, and then first of these 2 rounds (the dec round) again. 344 [364: 404: 420: 468] sts.

Remove raglan “seam” markers and place one new marker between centre back 2 sts – this will now be new beg and end point of rounds for rest of yoke.

Break yarn.

Re-arrange sts so that rounds will now start again at centre back, rejoin **yarn A** with RS facing and cont as follows:

**Next round (RS):** K0 [5: 15: 16: 5], K2tog, (K9 [11: 10: 9: 11], K2tog) 31 [27: 31: 35: 35] times, K1 [6: 15: 17: 6]. 312 [336: 372: 384: 432] sts.
